

Tennant 6200

The perfect combination of high efficiency and compact size. This small, manoeuvrable sweeper with a cleaning path of 107cm to 140cm is able to match the productivity and performance of much larger machines. The Tennant 6200 power sweeper is ideal for use in large congested buildings and in light outdoor applications. The machine's compact dimensions and accurate steering, allow it to clean in narrow aisles and turn in very tight spaces.

Features

- VCS™ filter shaking cleaning system
- High-dump hopper
- Overthrow sweeping technology
- Vacuum wand
- Perma filter
- Easy controls
- Corner rollers
- No-tool brush & dust filter change

Benefits

- Perfect dust control
- For automatic emptying into a container up to 135cm
- Ensures good performance even with worn brushes
- Extends cleaning reach & increases productivity
- Extends dust filter life
- Ease of operation
- Helps to protect property and machine in tight corners
- Quick & easy maintenance

Applications

- Warehouse & distribution facilities
- Manufacturing & production facilities
- Shopping centres
- Contract cleaning
- Transport & logistics sector

High-dump hopper

No-tool filter change

Overhead guard & vacuum wand
